The requirements in this Quality Assurance – Quality Clause Addendum are in addition to the requirements in 09492L00008, General Atomics Electromagnetic Systems Standard Quality Clauses (“Quality Requirements”).

During the execution of the Program/Project or Prime Contract referenced above, the Buyer’s customer may modify the requirements with additional terms; therefore, the Buyer reserves the right to amend the Quality Requirements as the Buyer deems reasonably necessary to comply with the modified requirements.

ADDITIONAL QUALITY REQUIREMENTS:

Seller shall schedule Government witnessing of 100% of Non-Destructive Testing (NDT) activities in accordance with the specified Quality Clause listed on the Order (e.g. 215b, 215c). This requirement can be waived upon the Seller’s provision one of the following Objective Quality Evidence to the Buyer prior to performing the required NDT:

- The facility performing the required NDT is National Aerospace and Defense Contractors Accreditation Program (NADCAP) accredited. NDT certificates shall bear the symbols of accreditation and the accreditation body.
- The facility is a laboratory, accredited by one of the organizations listed below as satisfying ISO 17025. NDT certificates shall bear the symbols of accreditation and the accreditation body:
 - American Association for Laboratory Accreditation (A2LA)
 - ANSI National Accreditation Board (ANAB)
 - International Accreditation Service, Inc. (IAS)
 - National Voluntary Laboratory Accreditation Program (NVLAP)
 - Perry Johnson Laboratory Accreditation, Inc. (PJLA)
 - Canadian Association for Laboratory Accreditation Inc. (CALA)
 - Standards Council of Canada (SCC)

When the Seller uses a sub-tier supplier, all necessary technical and quality requirements shall be conveyed by the Seller to the Seller’s sub-tier supplier.
