

This document establishes the cognizant NAVAIR point(s) of contact for contracts issued to General Atomics Electromagnetic Systems (“GA-EMS” or “Buyer”) by the U.S. Government for Electromagnetic Aircraft Launch Systems (EMALS) and Advanced Arresting Gear (AAG).

The following Quality Clause in the most current version of GA-EMS Standard Quality Clauses (09492L00008) requires Seller to contact Buyer’s customer directly to schedule NAVAIR Source Inspection:

- 219a NAVAIR Source Inspection (7-day Notice)

If Seller’s Order includes the clause indicated above, Seller shall contact the following NAVAIR Points of Contact (POC), and any other applicable cognizant Government representative(s) (e.g., Defense Contract Management Agency) to schedule Government Source Inspection in accordance with the applicable clause and Order:

Gianpiero Geranio
